TOLL ROAD COMPANY NAME
ADDRESS

Dear Sir/Madam,

RE: Toll Payment Notice (NUMBER)

I received the above notice of demand for me to pay a toll, plus penalty charges, for an alleged trip across (TOLL ROAD NAME) on (DATE).

I have a right under the Imperial Acts Application Act, a law of the States, to be presumed innocent until proven guilty. Your request for payment/tax in this matter is a clear breach of that right and I'm aggrieved by your unlawful attempt to tax a payment from me when I have committed no criminal offence, offended/broken no law and caused no personal harm to any resident.

This letter is to serve as my written notification that I formally object to the above alleged charge and penalty fee as I have done nothing wrong.

I have an approved electronic toll device supplied by (TOLL TAG PROVIDER) installed in my vehicle in accordance with the instructions provided by the supplier. This device is used regularly to record tolls as I drive. I have no control over the design, functionality or maintenance of the device, nor do I have any input into the devices that monitor the progress of my vehicle and as such accept no responsibility for their malfunction.

Therefore, I refuse to pay any charge in excess of the toll amount. Any further charges should be referred to the supplier of the tag or the toll reading device.

Moreover any further attempts to extract a fee for the malfunctioning of your toll monitoring device or the malfunctioning of the approved tag will be to your account.

I will happily answer your future letters relating to the failure of your or others equipment at a rate of \$100 per hour including GST to prepare each response – the minimum charge is 1 hour.

Further, you have provided no evidence to prove that my vehicle actually travelled across the TOLL ROAD NAME) at (TIME) on the above date.

I request that you now provide certified PROOF that my vehicle travelled across the (TOLL ROAD NAME) at (TIME) on (DATE) by way of a sworn affidavit and supporting documentation that substantiates your claim.

Should you provide an image purporting to show the vehicle, I am seeking certification that the photograph that was allegedly produced from the device on this day could not have been tampered with or altered in any way. I will require an affidavit outlining the exact procedure used to convert the digital image to a printed image and proof of any security measures, algorithms and metrology used to ensure that this process is completely secure and could not have been mathematically broken, cracked or hacked.

Therefore I demand that you immediately withdraw this notice of demand, however I warn you that if you choose to proceed with trying to recover this alleged debt from me, I will take all legal measures to overturn this demand and also proceed against your company for damages and possibly even illegally demanding money with menaces, as this is a serious criminal offence.

Yours sincerely,
